## Competition – Single Elimination

### Format

All final rounds (after pool play) will be single elimination.

Game times will be as follows:

DIVISION	GAMES	OVERTIME
10U	2 x 25	2 x 5
12U	2 x 30	2 x 7
14U	2 x 35	2 x 9

In ALL games, if the game is tied after regulation time, the following method will be used to break the tie:

- 1) Two (2) overtime periods will be played IN FULL (see table for overtime durations)
- 2) If a winner has not been determined after the two (2) overtime periods, kicks from the mark will occur (see below).  
Only the players left on the field at the end of second overtime period can participate in the kicks from the mark.
  - a. Any player ejected or removed for injury during play, not having been returned to play, may not participate in kicks from the mark.
  - b. Both teams must start the kicks from the mark with the same number of players. If one team is short, the other team must "reduce to equate".
  - c. Five (5) players from each team will commence with kicks from the mark in alternating fashion, as determined by a coin toss.
  - d. All five (5) of the players must have an opportunity to shoot unless they are mathematically eliminated before their shot.
  - e. Play starts when the referee blows the whistle.
  - f. At the end of the first 5 players, if the teams are still tied, the format shall be one (1) player from each team in alternating fashion, with each team getting a chance, until a winner has been determined.
